

PRODUCT DESIGNER

Hello, I'm Luciana Pitaluga

I have more than **8 years** of experience as a designer specializing in digital product design for **B2C** and **B2B** solutions.

I work with methodologies such as **Design Thinking** and **Lean product inception** to bring up and validate **innovation**, merging it with research methods such as **Product Discovery, User Interviews, and Testing**, to balance **users' needs** and implement **user-centered digital solutions** aligned with **tech requirements** and compliance standards from **software** to **native apps**.

Experience

Product Designer

OLX Group GmbH | Jan 2023 - Present - Berlin, Germany

Designer responsible for Desktop, mobile and app experiences for Services, Rentals and Accommodation categories on OLX platform in multiple EU B2C markets, including PL, UA, KZ, and UZ.

Part from strategy, discovery and prototyping to tests and delivery improvements and new features focusing product quality, consistency and business revenue. **Highlights:** Part of the initiative of implementing the booking calendar system and management for both users profiles, service providers and service seekers. Focus on end-to-end journey.

Senior Product Designer

Accenture | May 2021 - Present - São Paulo, Brazil

Lead end-to-end design processes in projects and products from enterprise software to apps for global clients. Worked in digital transformation projects, improving business strategies, user flows, and screens, always focusing on quality and collaboration between product areas and team members like PMs, Devs and stakeholders.

Highlights: Training and mentorship sessions.
